Resolution adopted by the WHO on August 12, 2020
WHO and global debates on how to deal with
COVID-19 Pandemic

Sponsors: Ghana, Singapore, Turkey, Greece, Peru, Uzbekistan

Signatories: USA, Japan, India, Afghanistan, Saudi Arabia

World Health Organization,

Deeply concerned by the morbidity and mortality caused by COVID-19 pandemic, the negative impacts on physical and mental health and social well-being, the negative impacts on economy and society and the consequent exacerbation of inequalities within and between countries;

Expressing solidarity to all countries affected by the pandemic, as well as condolences and sympathy to all the families of the victims of COVID-19;

Stressing the fact that there are 20.3 million confirmed cases;

Recognizing further the negative impacts of the COVID-19 pandemic on health, including hunger and malnutrition, increased violence against women, children, and frontline health workers, as well as disruptions in care of older persons and persons with disabilities;

1. *Encourages* all nations to undertake fiscal policies to mitigate the current condition of people;
2. *Calls* to share COVID-19 related experience transparently;
3. *Encourage* countries to donate to the funds of the WHO in order to increase its capability;
4. *Encourages* countries to create a COVID-19 taskforce consisting of members of governmental organizations;
5. *Encourages* governments to be transparent about cases of COVID-19 and next steps regarding the pandemic;
6. *Encourages* countries to implement intense contact tracing to prevent the spread of the disease;
7. *Calls* to support the psychological health of medical workers as they work in difficult conditions and have to make complicated decisions;
8. *Urges* to Expand volunteering organizations to help patients in order to help with medicines, food and basic necessities;
9. *Urges* countries to provide prerogatives for the staff who are directly engaging in fighting the pandemic.
